## Boreham Primary School Governing Body

### Governor Profile

Name: Mr James Reilly

*Susie and I have 3 children, two of which attend Boreham Primary. Jess (yr6) and Maddie (yr3). Grace, our eldest is in yr9 At Chelmer Valley High School and has very fond memories of her time at Boreham also.*

*I Joined the governing body at the beginning of the 2016/2017 academic year. With a keen interest in Mathematics, I immediately assumed the role of Maths governor, and more recently taken on the additional role of vice Chair. I have always had a keen interest on how schools do their best to deliver an ever changing curriculum and the challenges that come along in the process. So without actually being a teacher myself (they work far too hard 😊) I took the opportunity to get more involved as a parent governor. It has been extremely insightful and I would encourage anyone to have a go at some time in their children's time at the school.*

*I am a senior Engineer at Teledyne E2V in Chelmsford working on complex imaging systems that end up on satellites orbiting the earth. These devices help us learn more about our planet and our place in the solar system, and may also gain an understanding of what "else" might be out there..... 🙋 (you never know.....)*

*I have an Engineering Hons degree from Brunel University. I am a keen golfer and enjoy most sports all from the comfort of my sofa of course.....*

*I am keen to do whatever I can to contribute and so enable the school and pupils to reach their full potential.*
